Alternate Assessments

One Percent Waiver

<https://www.ride.ri.gov/One-Percent-Rule-Assessment>

Every Student Succeeds Act (ESSA):

The One Percent Rule for Alternate Assessments

“The total number of students assessed in a subject using an alternate assessment aligned with alternate academic achievement standards...may not exceed 1% of the total number of students in the state who are assessed in that subject.”

Goals and Outcomes of Alternate Assessment & the One Percent Rule

Goals of the Alternate Assessment and ESSA:

- To include students with significant cognitive disabilities in assessment and accountability.
- To ensure that standards-based skills and content are taught at levels that are meaningful and challenging.
- To determine which knowledge and skills students have learned.
- To provide information to schools and parents/guardians on the achievement of students with significant disabilities (i.e., what they can do).

Goal of the One Percent:

- To ensure that all students found eligible for the alternate assessments are properly identified by collecting and using relevant evidence for each of the three criteria.

Overview of the One Percent Waiver Request Process

Step 1: State must complete the waiver request

- www.ride.ri.gov/dlm

Step 2: State must have all LEAs over 1% agree with the following assurances:

- Train IEP Teams on Eligibility for Alternate Assessment Criteria.
- Ensure that IEP Teams correctly identify students using the criteria.
- Ensure that families are informed that their student will participate in DLM and explain any implications of this decision.
- Ensure that a signed Participation Criteria for Alternate Assessments Form is in each student's record.
- The assurances are included in the CRP so all LEAs signed the assurances this year.

Step 3: RIDE must post the waiver, including a plan and timeline, for public comment

Step 4: RIDE submits waiver, plan and timeline, public comment, and other documentation, to USED by January 3, 2023.

Step 5: Wait for approval/denial of waiver from USED.

Requirements for Submitting a Waiver

Participation Rates

- Must have tested at least 95% of **all students** in grades that are tested (3-8, 11), in each content area where a waiver is being requested (ELA, math, science).
- Must have tested at least 95% of **students with disabilities** in grades that are tested (3-8, 11) in each content area where a waiver is being requested (ELA, math, science).

Demonstrate a reduction in the rate of [DLM] participation last year compared to prior years.

*States were allowed a one-year waiver from the 95% participation rate granted last year so we were able to submit a waiver for the 1%. It was approved.

**Science is not included in our waiver because we did not meet the minimum 95% participation rate for all students or for students with disabilities.

Our Plan and Timeline

www.ride.ri.gov/dlm and in your handouts tray

Guidance and Policy:

1. **Revise Eligibility Guidance** (*not criteria*). RIDE will select up to four LEAs to work with on revising the eligibility guidance.
2. **IEP Goal Writing.** Included as part of the *Foundations in Mathematics* and the *Using Data to Design Instructional Plans* training.

Academic Professional Development Opportunities:

1. **SETTT Grant:** *provides coaching and trainer development so that LEAs can deliver high-quality professional development to teachers of students who participate in DLM.*
2. **Foundations in Mathematics** (*see flyer in your handouts tray*)
3. **Using Data to Design Instructional Plans:** *two-day training for teachers of students who participate in DLM. Will include using data to inform and write IEP goals.*

January 19 (10 – 11:30AM): Webinar to discuss the one percent, the plan and timeline to revise eligibility guidance, all PD opportunities, and what happens if we don't make progress in reducing the percentage of students taking DLM.

RICAS Updates

- RIDE is collecting data on student's preferred names through eRide enrollment
- RIDE is working with Pearson to collect student's preferred names in PAN
- 2023 RICAS administration will include a student's preferred name on both their testing ticket and their testing screen
- Student reports will continue to have a student's legal name
- COMING SOON: RIDE will provide more clarity around use of the preferred name field
- ***Note: RICAS is currently the only state assessment/platform that has systems in place to use the preferred name. NGSA, DLM, ACCESS and PSAT/SAT will not reflect this change for Spring 2023. RIDE will continue to have discussions with vendors around preferred name.***

SAT and PSAT 10

Highlights from College Board emails to test coordinators and SSD Coordinators:

- Creating a College Board Professional account
- Getting access to SSD Online.

Email about verification of AI codes will be coming 12/15/22.

Don't forget:

Now – February 21, 2023: SSD Online submission window for MLL students who need 50% extended time.

- **January 1 – February 21, 2023:** SSD Online submissions for accommodations.

Overview of RISAP Test Coordinator Handbook

Updated for 2023:

- **Mid-year grade level changes:** general rule is that students are expected to participate in the state assessment for their grade level as it is recorded in the Enrollment Census.
- **NOTE on PSAT and SAT:** Students cannot be moved to another grade level to participate in the PSAT or SAT unless it is for one of the following reasons:
 - The number of credits a student earned moved them from one grade to the next before the state testing window.
 - There was a mistake in the grade level reported to RIDE and the error is being corrected (see Common Data Errors below).
- **Process for submitting a medical exemption:** The paper Form 1 has been replaced by the new electronic Form 1 in the eRIDE Medical Exemption application

Best Practices for Selecting Your Testing Windows

1. Determine how many staff you will need *before* selecting your testing window.
2. Use as much of the state testing window as possible. Even if your school testing window is over, if you're within the state assessment window, you can continue testing.
3. Plan to test 100% of students in each content area.
4. Start as early in the state testing window as possible.
5. Leave the last week of the state testing window for make-up testing.
6. For PSAT and SAT:
 - Schedule your preadministration session *before the primary testing days*. This will help you identify technology issues and familiarizes staff and students with the testing platform.
 - Activities/schedules for non-tested grades may need to be approved by the superintendent so make requests *before January 2023*. This will give you time to develop and get approval for new plans.
